Welcome to Darwin Pride Festival 2026 from the Top End Pride committee

Top End Pride (NT) Inc. is honoured and excited to welcome you to this year's celebration of our community's creativity, resilience, and strength.

Our 2026 theme, **Created in Pride. Connected by Community.**, reflects who we are and what we achieve together. Pride is built on visibility, courage, advocacy, and everyday acts of living authentically. We are strengthened by each other, our families, friends, allies, and community organisations who lend a hand and show up when it counts.

This year's program offers amply opportunities to celebrate loudly, connect genuinely, and show our collective strength. From family-friendly events and opportunities for young people to lead and shine, to beach side parties and moments of reflection, there is something for everyone. Whether you are reconnecting with old friends, meeting new people, or attending your very first Pride, we hope you feel welcomed, valued, and inspired.

Darwin Pride is made possible by our amazing volunteers, sponsors, partners, performers, and you! Thank you for your continued support in making this a uniquely special celebration.

Whether this is your first Pride or your 41st, thank you for making our community what it is. We can't wait to celebrate with you throughout Darwin Pride Festival 2026!

Created in Pride. Connected by Community.

Becky Tidman,
Chair of Top End Pride (NT) Inc
